WHAT HAS HAPPENED?

In the 2021/22 school year, classes were held both in person and online. We were provided mobile phones and laptops for the different classes.

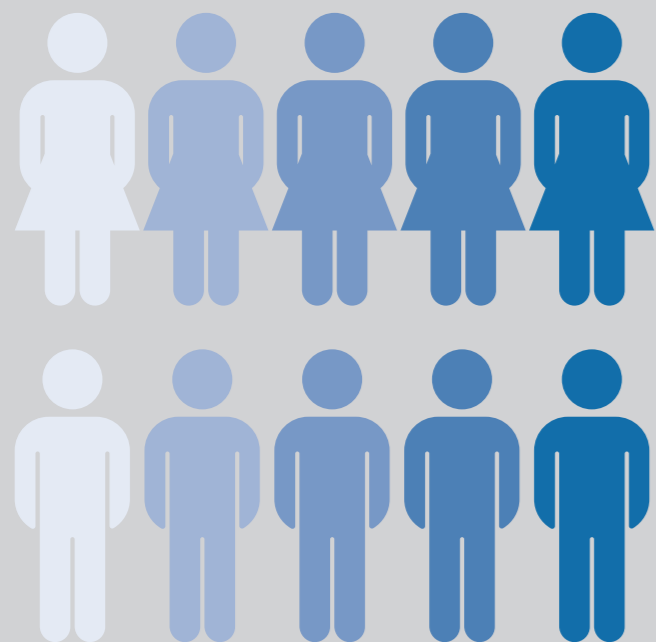

Throughout the closing period of the schools, after-school classes have always provided help alongside the academic ones.

From the first year of the lower high school to the last of high school, guests attended a private after-school program in Vellanad. From fourth grade to eighth grade, however, 3 teachers conducted classes every day from 6 to 8 p.m., either in the library or in a family.

From first to third grade, the pupils received support from the older students or by the educator.
