Respected Sir,

I am Anu Sujitha, 18 years old residing in the above said address. Since last six month, I have completed plus two course in Biologic science discipline, English medium. I got 419/600 marks in the said examinations.

My Mother name is Mary Vasanthi, 45 years old is doing stitching works at home. She have severe back pain. My father left from my family during my childhood. I have no brother and sister. We have no own land and house and stayed in many rented houses alternately. As for as I know that I am currently living in the 6th rented house.

Namaste's valuable help was useful for me to complete my studies successfully. After plus two, my higher education remained a question mark. In this regard, I got an offer from Namaste that I can continue my studies in graduate Nursing in Bangalore. This is a very valuable opportunity for me because my family's financial condition is miserable. I am happy to know that I will get admission in the Nursing college at Bangalore. I am also happy to know that Namaste will carry my studies and food and accommodation at Bangalore. I know that it will cost a lot to successfully complete this

I am Anu Sujitha, 18 years old, and I have been living in Tamil Nadu, near Sivan Coil, since last month. I completed high school with a focus on Biological Sciences at an English Medium school. The opportunity to continue my studies in Bangalore to become a nurse was an incredible chance for me. So I was happy to be admitted to the college to become a nurse in Bangalore, and even more when I learned that Comer Industries would cover my studies, accommodation, and all expenses.

I understand that it costs a lot to complete the 4 year course, but becoming a nurse has always been my dream. If I complete my studies, I can have good career opportunities, allowing me to brighten my future. I know there are various opportunities both in India and abroad for this profession. It brings me joy to care for patients, and I aspire to become a professional nurse.

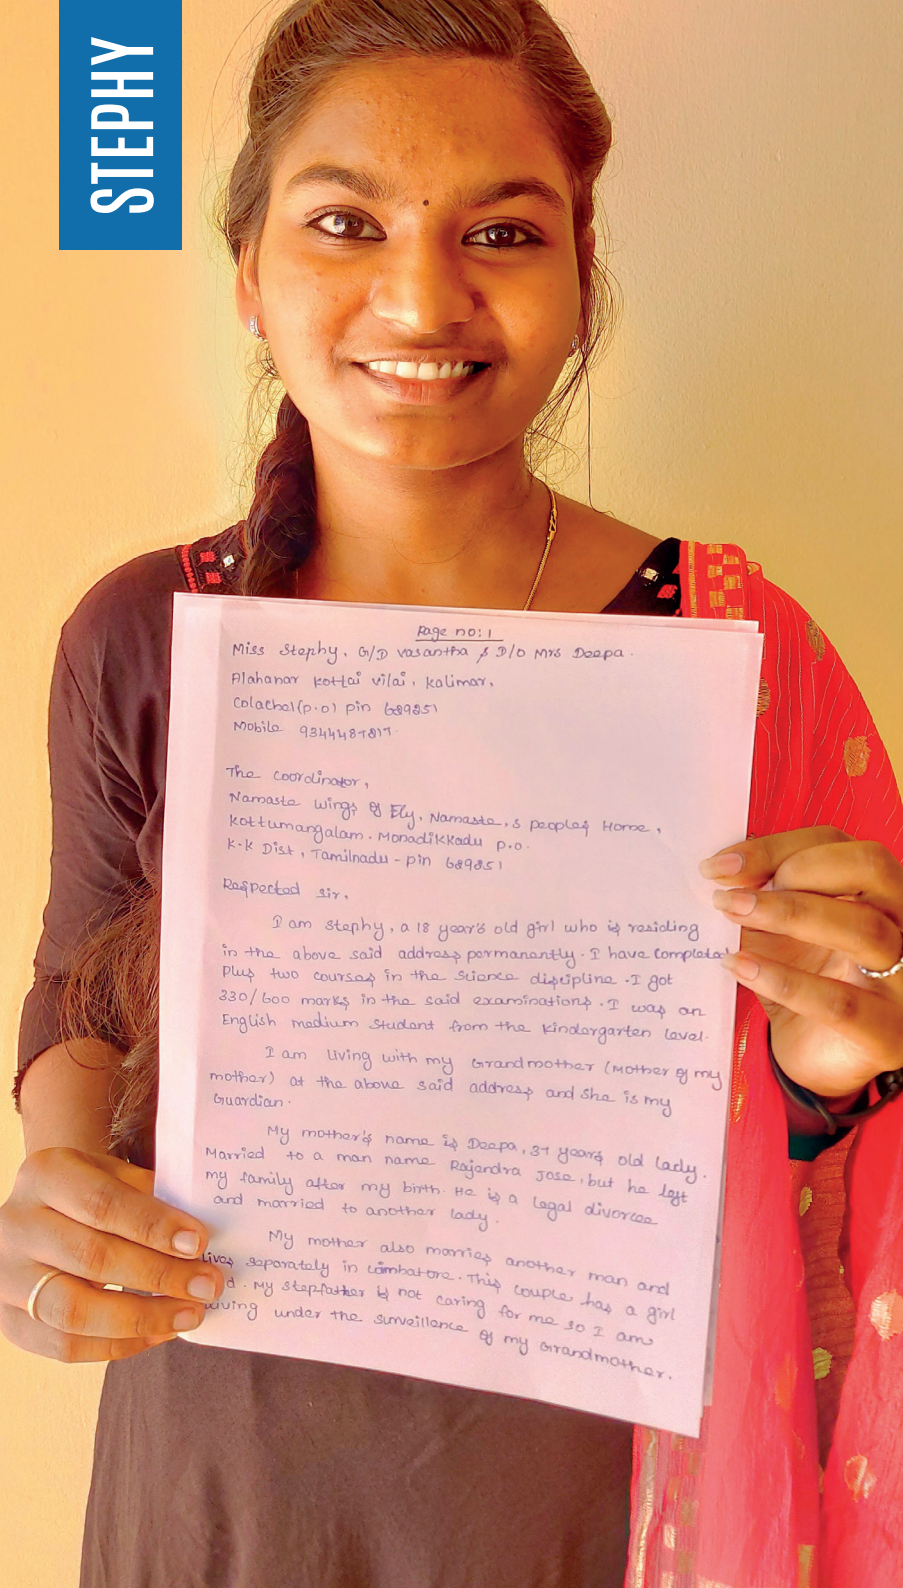

Thank you!

Anu Sujitha

I am Stephy, an 18 year old girl. I have completed high school with a focus on Sciences. Studying to become a Medical Laboratory Technician has always been my dream.

By successfully completing this course, I can have good career opportunities and, consequently, positive prospects for my future. I know there are various opportunities for this profession both in India and abroad. It brings me joy to be able to care for patients in need, and I aspire to become a professional in medical diagnostics. I believe that a good technician can aspire to a respectable position in society.

Thank you, Comer Industries!

Respected sir,

I am Stephy, a 18 year's old girl who is residing in the above said address permanently. I have completed Plus two courses in the science discipline. I got 330/600 marks in the said examinations. I was an English medium student from the kindergarten level.

I am living with my Grandmother (mother of my mother) at the above said address and she is my guardian.

My mother's name is Deepa, 37 years old lady, married to a man name Rajendra Jose, but he left my family after my birth. He is a legal divorcee and married to another lady.

My mother also married another man and lives separately in Coimbatore. This couple has a girl and my stepfather is not caring for me so I am living under the surveillance of my grandmother.

VAISHNAVI

My name is Vaishnavi. Recently, I have been admitted to the Vidya Family House to continue my studies, particularly my Nursing Degree. I wanted to express my deep gratitude for the great support you have provided to me and my family.

I have recently started attending classes, and I am excited that my dreams are coming true with the help of Comer Industries and Namaste. I sincerely thank you for being a guiding force in my educational journey.

With gratitude,
Vaishnavi
